AMERICAN SOCIETY OF CIVIL ENGINEERS

Welcome to the ASCE Library!

ASCE Library delivers the most respected and richest collection of civil engineering content. It is the premier information clearinghouse for both researchers and practitioners in the field of civil engineering.

The screenshot shows the homepage of the ASCE Library. At the top right, there is a search bar with a magnifying glass icon, a shopping cart icon, and a user account icon labeled "LOG IN / REGISTER". Orange numbers 1 through 4 with arrows point to these elements. Below the header, the main navigation menu includes JOURNALS, BOOKS, MAGAZINE, AUTHOR SERVICES, and USER SERVICES. A banner below the menu reads "Welcome to the New ASCE Library! New Content. New Features. New Experience." The page features four large categories: JOURNALS (with a Structural Engineering journal thumbnail), BOOKS (with a Green Technologies for Sustainable Water Management book thumbnail), PROCEEDINGS (with a Geo-Chicago 2016 proceedings thumbnail), and STANDARDS (with a Bimonthly American Society of Civil Engineers Standard Practice book thumbnail). Each category has a "MORE >" link. The bottom section is titled "User Services" and includes links for "JOURNALS", "BOOKS", "MAGAZINE", "AUTHOR SERVICES", and "USER SERVICES".

Services

1 Register

As a registered user, you can get benefits such as free papers, content alerts, and saved search alerts, and take advantage of the tools offered by ASCE Library to streamline your research. Click on the “Log in / Register” link and “Register” on the pop-up.

An orange box highlights the "REGISTER" button on the login form, and another orange box highlights the "LOG IN / REGISTER" link in the top right corner of the page.

2 Search on Any Page

Click the “Search” link on any page while using ASCE Library. You may also click on the “Advanced Search” link to specify author, article type, publications, publication year, and/or where in the article the search term appears to get a more targeted result.

3 Saved Search

Save your search criteria and set up a monthly, weekly, or daily e-mail alert telling you when new material in your interest area is added to the Library. You can view your saved searches in "My Profile" by clicking on "Saved Searches" in the left-hand navigation bar.

The screenshot shows the ASCE Library homepage with a search results page overlaid. The search term is "sustainable building". A modal window titled "Save this search" is open, prompting the user to enter a search name and choose alert frequency (Never, Daily, Weekly, Monthly). The "Save search" button is highlighted with an orange border. The main search results page shows 20 results out of 11417, sorted by relevance. An alert message "Sustainable Buildings" is visible on the right side of the results page.

4 Get Content Alerts and RSS Feeds

Get instant updates whenever new journal content and new books are available. In the “User Services” section, click on “Alerts” on the left-hand navigation bar to sign up for e-mail alerts for journals and books. Click on “RSS Feeds” to subscribe to feeds for journals.

The screenshot shows the ASCE Library homepage. At the top, it says "ASCE LIBRARY" and "Access provided by American Society of Civil Engineers". Below that is a navigation bar with "JOURNALS", "BOOKS", "MAGAZINE", "AUTHOR SERVICES", and "USER SERVICES". Under "USER SERVICES", there is a "Tools" section with links: "My Profile", "Content Alerts", "Saved Searches", and "RSS Feeds". The "Content Alerts" link is highlighted with a red box.

The screenshot shows the "My Profile" page. It has sections for "Personal Settings", "Address", "Subscriptions / Purchases", "ASCE Library Card", "Redeem Token", and "Favorites". The "Content Alerts" section is highlighted with a red box and contains a "NEW CONTENT ALERTS" button, a dropdown for "Frequency of alerts for latest articles" set to "Daily", and radio buttons for "Plain Text" and "HTML". The "Book Series Alerts" section is also highlighted with a red box and contains checkboxes for "Select all" and "Books".

RSS feeds are available for these ASCE journals

- ASCE-ASME Journal of Risk and Uncertainty in Engineering Systems, Part A: Civil Engineering
- International Journal of Geomechanics
- Journal of Aerospace Engineering
- Journal of Architectural Engineering
- Journal of Bridge Engineering
- Journal of Cold Region Engineering
- Journal of Computing for Construction
- Journal of Computing in Civil Engineering
- Journal of Construction Engineering and Management
- Journal of Energy Engineering
- Journal of Engineering Mechanics
- Journal of Environmental Engineering
- Journal of Geotechnical and Geoenvironmental Engineering
- Journal of Hazardous, Toxic, and Radioactive Waste
- Journal of Highway and Transportation Research and Development (English Edition)
- Journal of Hydraulic Engineering
- Journal of Hydrologic Engineering
- Journal of Infrastructure Systems
- Journal of Irrigation and Drainage Engineering

5 Why Publish in ASCE Journals?

- **Led by Experts**

ASCE journals are led by experienced researchers and practitioners attracting high-quality papers.

- **In Demand**

ASCE Library (ascelibrary.org) contains over 138,000 articles and attracts over a million visits per month.

- **Open Access Option**

Whether complying with funding mandates or looking for broader dissemination, authors can make their work freely available by choosing the Open Access Option.

- **Wide Distribution**

More than 3,500 institutions in 125 countries have access to ASCE journals.

- **Impact Factors**

Papers published in ASCE Journals have influence as shown in important citation metrics. ASCE Journals experienced a 29% increase in Impact Factors according to the 2017 Edition of Journal of Citation Reports (JCR). Currently, 21 of the 27 of ASCE journals indexed in JCR are above the median Impact Factor for journals in the Civil Engineering category.

- **High Discoverability & Accessibility**

Content is indexed in all major services including Google Scholar, Engineering Information (EI), EBSCOhost, ISI Web of Science, CrossRef, and ProQuest.
